WEB DESIGN TRENDS

USER EXPERIENCE

Flat Design

- Simple navigation
- Single colour dominance
- The beginner's guide to flat design

<https://www.brandaiddesignco.com/>

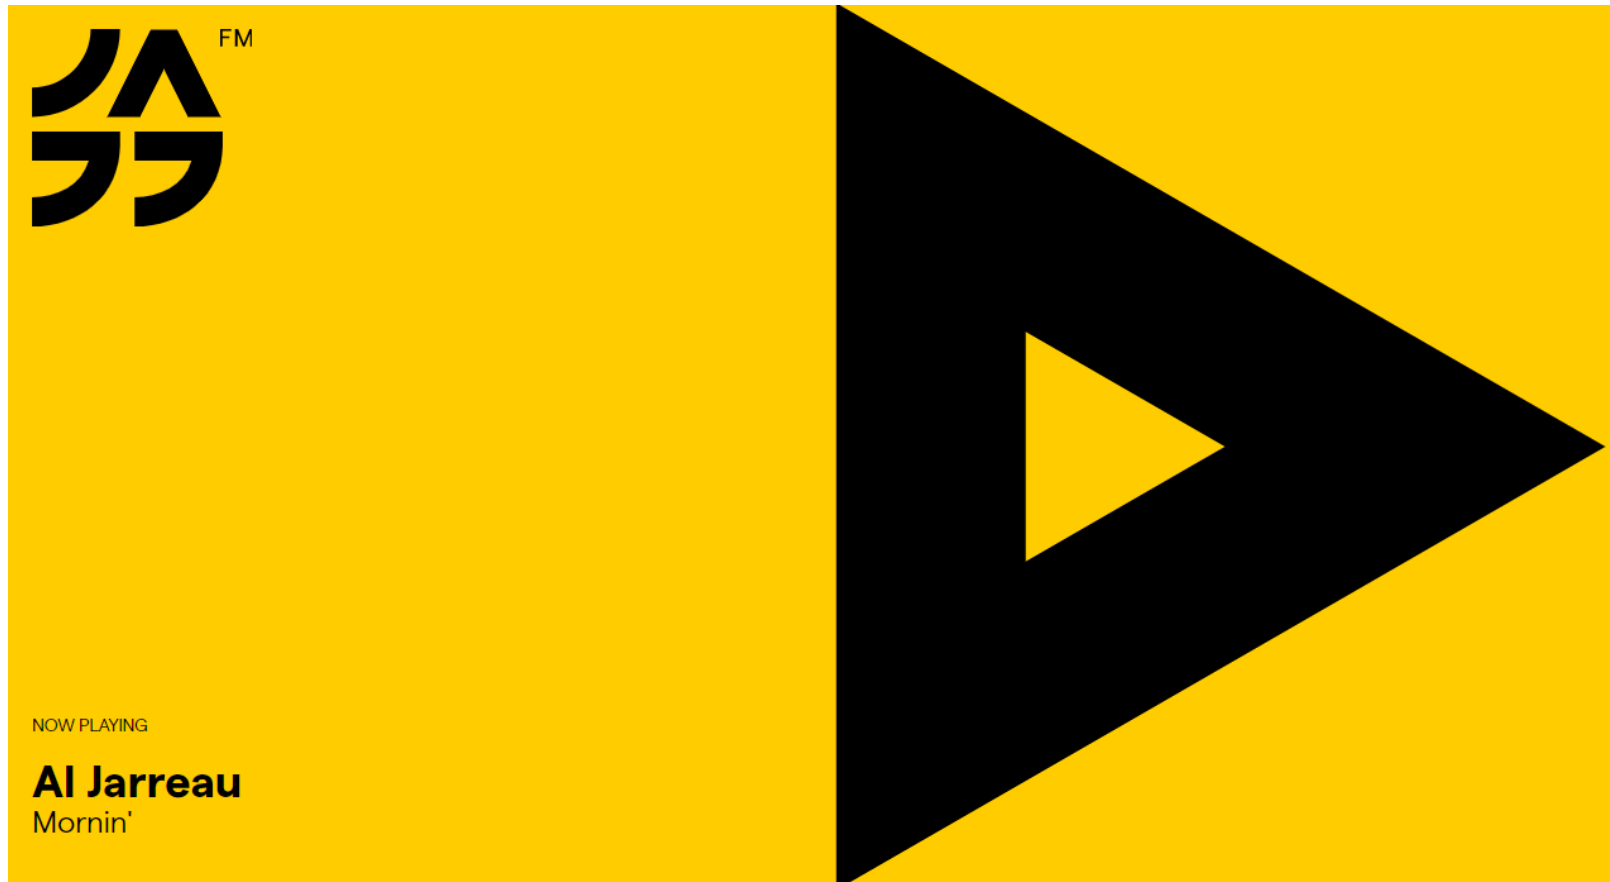

Massive Typography

- Large bold font choices drive the design
- Advantages of designing big oversized website layouts

Minimalism

- Use of white space, simple shapes and uncluttered text
- [Best minimal websites](#)

Brutalism

- Focus on raw content and functionality
- Limited colour palettes, system fonts in large sizes
- [Guidelines for Brutalist Web Design](#)

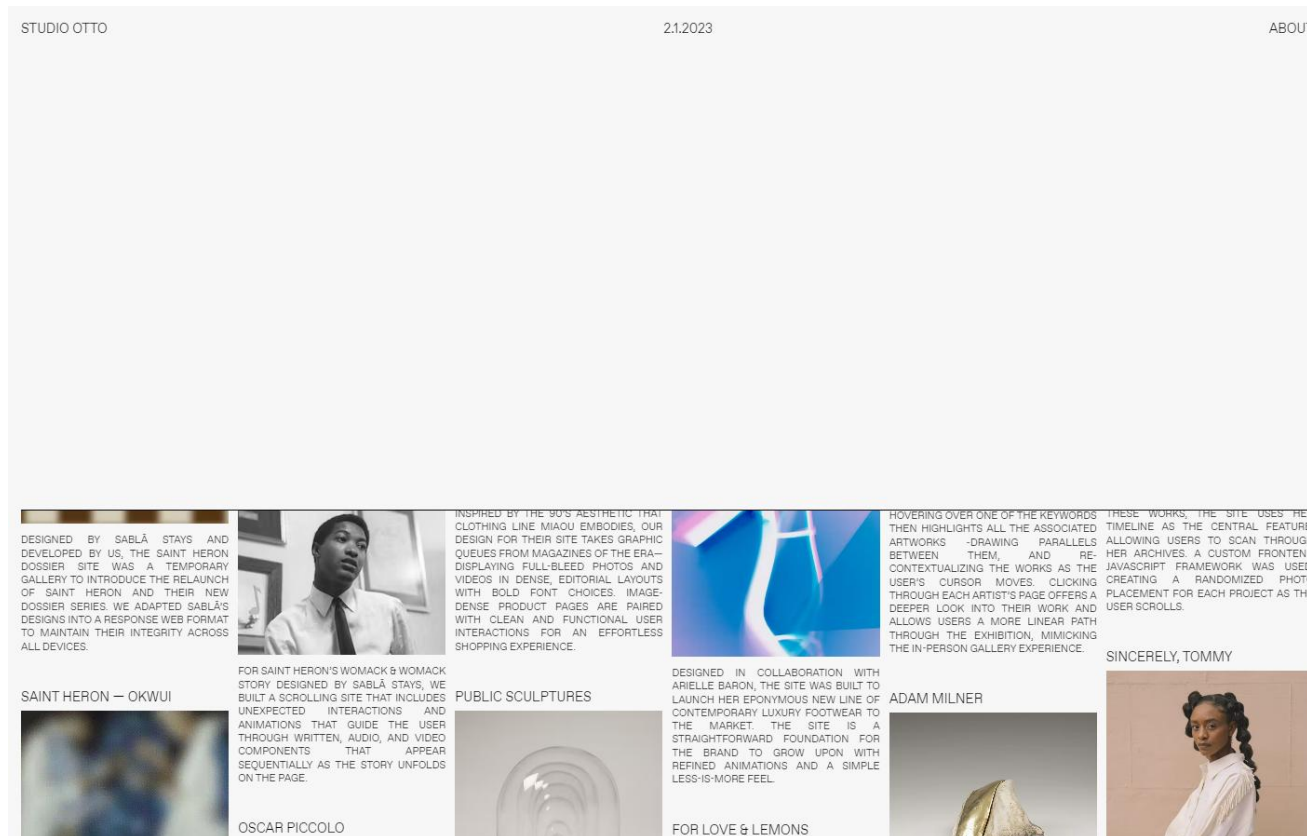

<https://www.stedelijk.nl/en>

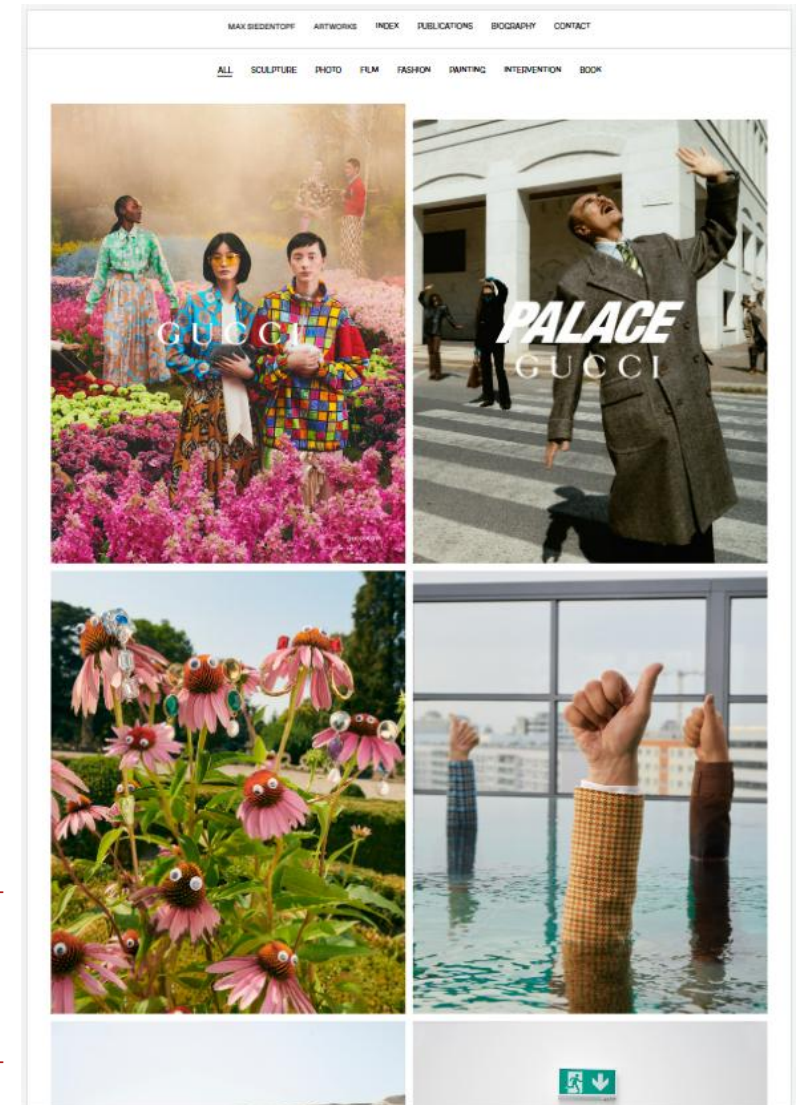

Neo-Brutalism

- Combination of minimalism and brutalism
- 60 Best Examples of Brutalism in Web Design

<https://studio-otto.com/>

Digital Maximalism

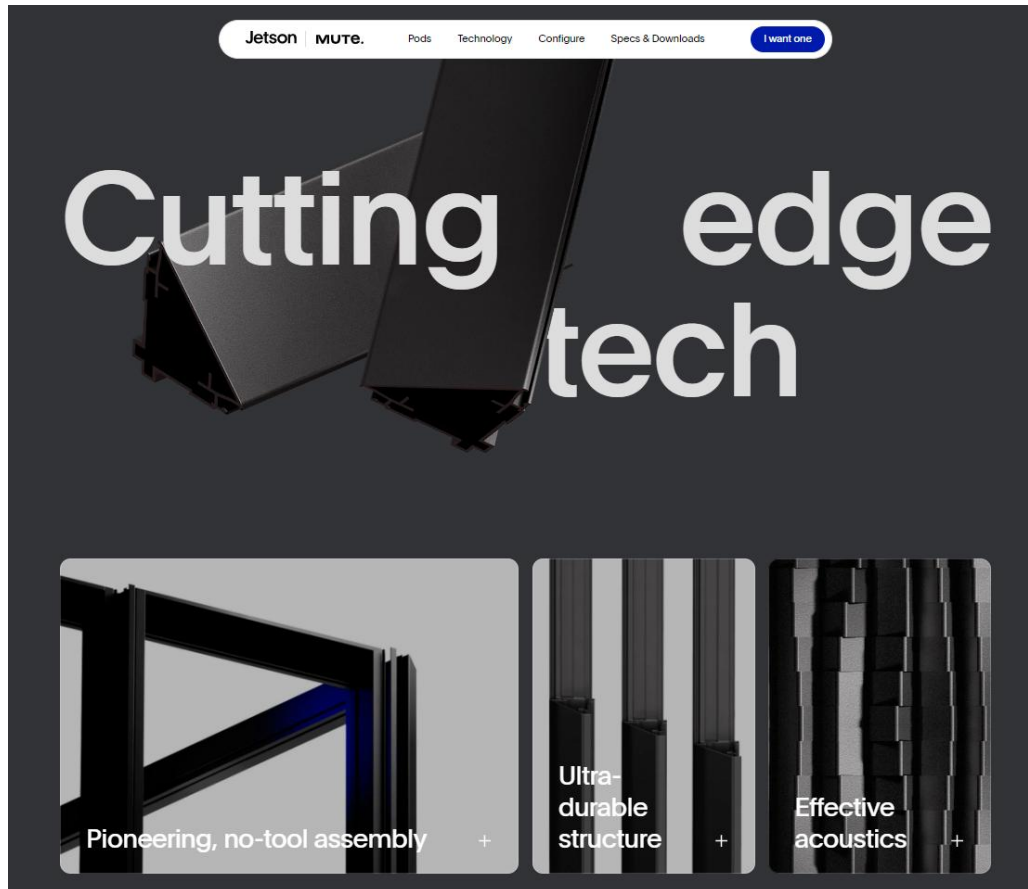

- User overstimulation through bold, large, contrasting text and images
- Maximalist Design and the Problem with Minimalism

Featured Work

Text Overlay

- Text is laid out over images and other elements
- [25 Awe-Inspiring Examples of Text Over Images in Web Design](https://blog.iamsuleiman.com/techniques-to-display-text-overlay-background-images/)
